PRINCIPAL'S REPORT

Learning From Home

Our school provides an essential service to the community, and we will continue to support the education of our students. The Government has taken advice from Chief Health Officers. Their advice is clear - schools will continue to operate. Chief Health Officers will continue to monitor the issues surrounding public health closely and will update their advice as the situation evolves. Our premier is encouraging families who are able to keep children at home to do so and many of you have kept your children at home. Our teaching staff are currently developing units of work for all of our students. These units will be available soon via hard copy or electronically.

ClassDojo

We are mindful that classrooms and schools are communities. With many students learning from home, we know keeping our community connected is more important than ever. ClassDojo helps us instantly communicate and engage with all families and students, so we can keep building relationships while students are at home. Further information on the DojoApp is listed in community news. It is 100% free, and you can get set up in minutes.

New 'Learning from Home' hub

The DoE have recently launched a '[Learning from home](#)' hub on the department's website which provides information and resources for parents to support students learning from home. Teaching strategies and resources, learning sequences, student workbooks and materials are being regularly added to the page for students Preschool to Year 12. Our students are also able to access our Library Weebly which has links to great online learning

NAPLAN 2020

The decision has been made not to proceed with NAPLAN in 2020. This has been done to assist school leaders, teachers and support staff to focus on the wellbeing of students and continuity of education.

COMMUNITY NEWS

How I download the ClassDojo App?

The ClassDojo app is available through the App Store or Google Play Store, and is 100% free to use. Teachers, parents and students use the same 'ClassDojo' app.

As a parent, the app will allow you to do the following:

- Safely and privately message with your child's teacher
- View, like and comment on the pictures and/or videos that your child's teacher post to Class Story
- View whole school news posted to School Story
- Students can upload photos and videos of their learning at home
- View student awards – merits / student of the week

Parent will receive an invitation via mobile phone or email for them to join their student's class.
